VULCAN SAFETY SHOES

Safety Shoe Features
Warranty and Guarantee

IN 1995 OSHA BEGAN ENFORCING A NEW STANDARD FOR PERSONAL PROTECTIVE EQUIPMENT. AS PART OF THIS STANDARD EMPLOYERS NOW REQUIRE ASTM Z41 PT99 RATED SAFETY FOOTWEAR IN AREAS WHERE EMPLOYEES ARE EXPOSED TO INJURY AS A RESULT OF FALLING OR ROLLING OBJECTS. ALL STEEL TOE SHOES IN THIS CATALOG MEET OR EXCEED ASTM F2413-05 M I/75 C/75 STANDARDS.

ST — **Steel Toe**
Meet or exceed ASTM F2413-05 I/75 and C/75 standards - the highest available strength for impact and compression

CT — **Composite Toe**
An alternative to the steel toe shoe. Typically lighter, non-metallic and undetectable in electronic security environments. Rated ASTM F2413-11, M, I/75, C/75

MET — **Metatarsal Guard**
Footwear that include a built in guard to protect the upper foot and toe area from heavy falling or rolling objects. Rated ASTM F2413-11, M, I/75, C/75, Mt/75

SD — **Static Dissipative**
SD footwear reduces the risk of static shock to people and to the manufactured product in the work place. Meets the ASTM F2413-05 M I/75 C/75 M/75.

C — **Conductive**
Intended to protect the wearer in an environment where the accumulations of static electricity on the body is a severe hazard. These shoes should not be worn by person working near open electrical circuit. Meets ASTM F2413-11, M, I/75, C/75, Cd

EH — **Electrical Hazard**
The footwear provides a barrier to protect employees from open electrical currents up to 600 volts. Meets ASTM F2413-11, M, I/75, C/75, EH

INS — **Insulate**
Premium quality Insulation to insulate against the cold and tough environments.

HH — **High Heat**
Feature construction components that resist high heat to create a more durable workboot

WP — **Waterproof**
Constructed to keep the feet dry and comfortable in wet conditions

SEC — **Security Friendly**
Have non-metallic components for the most sensitive security systems

PR — **Puncture Resistant**
Protection from sharp objects which are damaging to the foot. MEETS ASTM F2413-11, I/75, C/75 PR STANDARDS

SR — **Slip Resistant**
Designed with slip resistant outsole components to reduce the risk of slips and falls in the workplace

USA — **USA MADE/ASSEMBLED**
Made or assembled in the USA

VULCAN FOOTWEAR WARRANTY

Vulcan is proud of the stable of high quality brands and products we offer our customers, and we want our Customers to be happy with the quality of the shoes they purchase. Vulcan, our vendors, and their brands we represent are pleased to guarantee our products' materials and manufacturing craftsmanship and offer our Customers the most generous and lenient safety shoe warranty.

If any of our products has a manufacturing or material defect when used in normal conditions for the purposes intended within the *first 6 months of purchase*, Vulcan will replace, repair, or issue full credit towards the purchase of a new shoe.

If the claim occurs after 6 months, credit on defective shoes will be prorated *fairly* towards the purchase of a new pair of safety shoes, based on the wear and condition of the shoes.

The Warranty is invalid in cases where our products are worn in environments inappropriate for the product's design, or when our products have abnormally excessive wear, or when there is accidental damage to the product caused by incidental environmental conditions and not by the product's material quality or manufacturing craftsmanship.

30 DAY COMFORT GUARANTEE

The following brands we offer carry a full 30-Day Comfort Guarantee on their safety shoes: HYTEST FootRests, HYTEST Opankas, Hush Puppies Professional, and HYTEST Footholds; Wolverine Durashocks, Wolverine Contour Welts, and Wolverine Multi-Shocks; Caterpillar I-Technology and Caterpillar Fusion; and Timberland Titan, Timberland Helix, Timberland Endurance, Timberland Power Welt, and all Timberland styles with Anti-Fatigue Technology. If your employee purchases one of these brands and is dissatisfied with the comfort, he or she may return them within the first 30 days for full credit.

EXTERNAL METATARSAL GUARDS

This metatarsal is designed specifically with shapes to match left and right feet in order to provide a better fit and more comfort, all while efficiently covering the entire metatarsal area. The metguard is designed with a contoured shape to resist high impact. Thick ensolite foam backing absorbs and dissipates impact shock. The metguard retains its shape while resisting chemicals and high heat.
